

Denis Savoie

Denis is Youth Underground's principal Photographer. It is Denis who provided us with all photos when we put together our website! Born in The Hague, Netherlands, to a Canadian Foreign Affairs family, Denis spent his early years traveling and living in Western Europe, including Geneva, Switzerland, where he attended the International School of Geneva. At the age of 12, he inherited an antique Brownie 620 and a neighbor introduced him to black & white printing. It was the beginning of a lifelong passion. In 1998, Denis purchased his first digital camera, which in his own words, "revolutionized my creative process." You can find out more about Denis Savoie and his work via his [website](#) and [Facebook page](#).
